Weekly Progress report (Minor Project: 2018-19)

Name of Guide: Shirish Nagar   **Week Date:** 6th August,2018 – 13th August,2018

Title of Project:- Smart Farming

Name of Team Members:- Prakshi Agrawal , Rani Kumari

Date of Submission :-13th August,2018   **Ongoing Project Stage**: Stage 8-Stage 9

Work done till Date:- We have made

- Synopsis Presentation

- Software Requirement Specification(SRS).

Work to be shown in next meeting:- Design Phase Submission And Presentation.

Point of discussion:- Discussed about

- what workflow diagrams we have to make like Activity, Sequence Diagram and DFD level 1,2,3 for our project.

- And how to gather software requirements from client.

Proposed Solution /outcome of problem:- We are able to identify what diagrams we have to make and how we have to make work flow diagrams and we have gathered requirements from client.

Technical learning:- We have learnt to work on:-

- Netbeans and Rational Rose for making Work Flow Diagrams

- we had also learnt how to use github i.e how to push and pull projects on github using Git Software.
